Dear Sir/Madam

- (I) PROPOSED SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF REVENUE OR TRADING NATURE ("PROPOSED SHAREHOLDERS' MANDATE")**
- (II) PROPOSED RENEWAL OF AUTHORITY FOR THE COMPANY TO PURCHASE ITS OWN SHARES ("PROPOSED SHARE BUY-BACK")**

(collectively referred to as "The Proposals")

1. INTRODUCTION

On 22 June 2020, the Company announced to Bursa Securities that it is proposing to seek the approval of its shareholders for the Proposals at the forthcoming AGM of the Company.

At the Sixteenth ("16th") AGM of the Company held on 3 July 2019, the shareholders had approved the following ordinary resolutions in respect of the proposals:

- (I) Proposed Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature ("Proposed Shareholders' Mandate")
- (II) Proposed Renewal of Authority for the Company to Purchase its Own Shares ("Proposed Share Buy-Back")

The abovesaid proposals will lapse at the conclusion of the forthcoming AGM of the Company scheduled to be held on Tuesday, 21 July 2020, unless approval for its renewal is obtained from the shareholders of the Company.

The purpose of this Circular is to provide the shareholders of the Company with details of the Proposals and to seek the approval of the shareholders for the Proposals to be tabled as Special Business and Special Resolution at the forthcoming AGM of the Company.

2. DETAILS OF THE PROPOSED SHAREHOLDERS' MANDATE

2.1 Background

The approval for renewal of general mandate will permit the Comcorp Group to enter into all recurrent related party transactions of a revenue or trading nature with the classes of related parties which are necessary for day to day operations in the ordinary course of business and on terms not more favourable to the related parties than those generally available to the public.

Paragraph 10.08 of the Listing Requirements provides that an immediate announcement of a RPT must be made and that where any one of the percentage ratios of a RPT is 5% or more or below 25%, the Company must comply with the following:

- (a) a circular must be sent to its shareholders;
- (b) obtain its shareholders' approval of the transaction in general meeting; and
- (c) appoint an independent adviser.

Paragraph 10.08 of the Listing Requirements further states that in the event that any one of the percentage ratios of a RPT is 25% or more, the Company, in addition to (a) and (b) above, must appoint a main adviser, who is a Principal Adviser, before the terms of the transaction can be agreed upon.

However, paragraph 10.09 of the Listing Requirements provides that the Company may seek shareholders' mandate for related party transactions which are recurrent, of a revenue or trading nature and which are necessary for its day-to-day operations or its subsidiaries, subject to the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the related party than those generally available to the public;
- (b) the shareholders' mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year, where the aggregate value, in relation to the Company with an issued and paid-up share capital of RM95,740,000-00, is as follows:
 - (i) the consideration, value of the assets, capital outlay or costs of the aggregated transactions is RM1 million or more; or
 - (ii) the percentage ratio of such aggregated transactions is 1% or more,whichever is lower;
- (c) in a meeting to obtain shareholders' mandate, the interested director, interested major shareholder and interested person connected with a director or major shareholder; and where it involves the interest of an interested person connected with a director or major shareholder, such director or major shareholder must not vote on the resolution to approve the transactions. An interested director or interested major shareholder must ensure that persons connected with him abstain from voting on the resolution approving the transactions; and
- (d) the Company immediately announces to Bursa Securities when the actual value of a RRPT entered into by the Company, exceeds the estimated value disclosed in the Circular by 10% or more.

The Proposed Shareholders' Mandate, if approved by the shareholders of Comcorp at the forthcoming AGM, will take effect from the date of the passing of the ordinary resolution containing the Proposed Shareholders' Mandate until:

- (a) the conclusion of the next AGM of the Company; or
- (b) the expiry of the period within which the next AGM is required to be held pursuant to section 340(1) of the Act (but shall not extend to such extensions as may be allowed pursuant to section 340(4) of the Act); or
- (c) any revocation or variation by resolution passed by the shareholders in general meeting;

whichever is the earliest.

Transactions entered into between Comcorp (or any of its wholly-owned subsidiaries) and any of its wholly-owned subsidiaries are excluded from the requirements of paragraph 10.08, 10.09 and PN12 of the Listing Requirements.

It is a related party through Tan Sri Dato' Samshuri bin Arshad who is the Chairman of Comcorp and who holds a direct interest of 0.36% in Comcorp.

2.4 The Nature of Transactions contemplated under the Proposed Shareholders' Mandate

All the RRPTs covered by the Proposed Shareholders' Mandate are in the ordinary course of business as follows:

RRPTs

No.	Contracting Parties		Nature of Transaction	Interested Party	2020 Mandate Estimated value of transaction pursuant to 2019 Mandate (RM'000)	2019 Mandate (As per Circular dated 3 July 2019)	
	Supplier	Recipient				Estimated value of transaction disclosed in 2019 Mandate (RM'000)	Actual value of transaction conducted pursuant to 2019 Mandate as at 3 July 2019 (RM'000)
1.	Gallant Guard Services Sdn Bhd	Comintel	Provision of security services	Tan Sri Dato' Samshuri bin Arshad	150	150	107

(a) Estimated values of RRPTs

The estimated value of the transaction was arrived based on the forecast sales/purchases to be undertaken from the date of the AGM to the date of the next AGM and the actual value may therefore vary and is subject to change. The aggregate or actual value of this transaction may exceed the estimated amounts over the said period.

(b) Amount due and owing by the Related Parties

There are no amounts due and owing by the Related Parties pursuant to the RRPTs which exceeded the credit terms as at 31 January 2020.

2.5 Review Procedures for the RRPTs

The Group has set up its internal control systems which cover, amongst other things, the following methods and procedures to ensure all RRPT are undertaken on an arm's length basis, on normal commercial terms transaction prices and are on terms not more favourable to the related parties than those generally available to third parties or the public, and are not detrimental to the minority shareholders:

- (a) The management of the Company will regularly review its Group structure, with a view to identifying companies and other entities which fall within the ambit of a related party and will inform all key personnel, heads of departments and Directors accordingly.
- (b) The transaction prices and terms are determined based on the prevailing market rates which are determined by market forces, demand and supply, specifications and other relevant or related factors. At least 2 other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.
- (c) In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be based on prevailing market rates/prices that are agreed upon under similar commercial terms for transactions with third parties, business practices and policies and on terms which are generally in line with industry norms in order to ensure that the RRPT is not detrimental to the Company or the Group.
- (d) Records will be maintained by the Company to capture all RRPTs entered into and the bases upon which they are entered into.
- (e) The annual internal audit plan shall incorporate a review of all RRPTs to ensure that the relevant approvals have been obtained and the review procedures in respect of all such transactions are adhered to. In the event of any discrepancies, proper steps

would be taken to rectify them accordingly. The external auditors shall also review all RRPTs as part of their work scope.

- (f) The Board of Directors and the Audit Committee shall have overall responsibility for the determination of the review procedures with the authority to sub-delegate to individuals or committees within the Company as they deem appropriate. Any member of the Board or of the Audit Committee having any interest, direct or indirect, in any RRPTs shall abstain from any decision making by the Board or the Audit Committee in respect of such transactions.
- (g) There are no specific thresholds for approval of RRPTs within the Comcorp Group. However, all RRPTs will be reviewed by the Audit Committee and approved by the Board.

2.6 Benefits of the RRPTs and Rationale of the Proposed Shareholders' Mandate

The Group has a long and established business relationship with the related party, Gallant Guard Services Sdn Bhd, and such RRPTs as have been entered into have met the Group's business needs at the best commercial terms obtainable.

The position of the interested party, Tan Sri Dato' Samshuri bin Arshad, as Chairman of the related party, Gallant Guard Services Sdn Bhd, can provide leverage to ensure that a high standard of service is given by the related party in the interests of the Group and the RRPT will be transacted on terms not less favourable to the Group than those obtainable from the public or other unrelated third parties who provide similar services.

The rationale for the Proposed Shareholders' Mandate is so that the RRPTs can be carried out for the benefit of the Group without the interruption and possible lost business opportunities which may otherwise ensue if approval were to be required from the shareholders for each individual transaction.

The Proposed Shareholders' Mandate is sought within the bounds of the Listing Requirements.

2.7 Audit and Risk Management Committee Statement

The Audit Committee have considered the procedures mentioned in Section 2.5 above and are of the view that the said processes and procedures are :

- (a) adequate and sufficient to monitor, track and identify RRPTs in a timely and orderly manner and, if necessary, may request internal audit to review these processes and procedures; and
- (b) sufficient to ensure the RRPTs are not more favourable to related parties than those generally available to the public, and are not to the detriment of the minority shareholders of the Company. These processes and procedures are reviewed by the Audit Committee every quarterly.

2.8 Directors' and Major Shareholders' Interest

No director or major shareholder and no person connected with any such director or major shareholder as defined in the Listing Requirements has any interest, direct or indirect, in any of the RRPTs, the subject of the Proposed Shareholders' Mandate other than the Interested Party. In addition, the Interested Party have undertaken to ensure that they and any person connected with them shall abstain from voting on the resolution pertaining to the Proposed Shareholders' Mandate at the forthcoming AGM in respect of their direct or indirect shareholdings in the Group. Tan Sri Dato' Samshuri bin Arshad has abstained and will continue to abstain at Board deliberations and voting pertaining to the Proposed Shareholders' Mandate.

The direct and indirect shareholdings of the Interested Party in Comcorp as at 15 May 2019 are as follows:-

Name	Direct		Indirect	
	No. of Shares	%	No. of Shares	%
Tan Sri Dato' Samshuri bin Arshad	500,000	0.36	-	-

3. PROPOSED SHARE BUY-BACK

3.1 Details of the Proposed Share Buy-Back

At the Sixteenth ("16th") AGM of the Company held on 3 July 2019, the Company had obtained its shareholders' approval to purchase and/or hold up to 10% of the issued and paid-up share capital of the Company for the time being ("Authorisation"). In accordance with Chapter 12 of the Listing Requirements, the existing Authorisation will lapse at the conclusion of the forthcoming AGM of the Company scheduled to be held on Tuesday, 21 July 2020, unless the approval is renewed.

On 22 June 2020, the Company announced to Bursa Securities that it is proposing to seek the approval of its shareholders at its forthcoming Seventeenth ("17th") AGM for the renewal of authority for the Proposed Share Buy-Back.

The present total issued and paid-up share capital of the Company is RM95,745,000-00. There was no purchase, resale or distribution as share dividend to shareholders in the previous 12 months preceding the date of this statement.

The approval from the shareholders for the Proposed Share Buy-Back will be effective immediately upon the passing of the ordinary resolution to be tabled at the forthcoming AGM of the Company relating to the Proposed Share Buy-Back and will continue to be in force until:

- (i) the conclusion of the next AGM of the Company; or
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (iii) it is revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting;

whichever occurs first.

The approval from the shareholders for the Proposed Share Buy-Back does not impose an obligation on the Company to purchase its own Shares but rather it will allow the Board to exercise their power to purchase Comcorp Shares at any time within the above time period.

The Company is allowed to deal with the Purchased Shares in the following manner:

- (i) to cancel the Purchased Shares; or
- (ii) to retain the Purchased Shares as treasury shares; or
- (iii) to retain part of the Purchased Shares as treasury shares and cancel the remainder; or
- (iv) to distribute the treasury shares as dividends to shareholders and/or resell on the Bursa Securities and/or cancel all or part of them.

An immediate announcement will be made to Bursa Securities in respect of the buying of the Purchased Shares, resale of Purchased Shares, cancellation of Purchased Shares, distribution as share dividends and the intention of the Directors to either retain the Purchased Shares as treasury shares or cancel them or a combination of both following any transaction executed pursuant to the authority under the Proposed Share Buy-Back. While the Purchased Shares are held as treasury shares, the rights attached to them in relation to voting, dividends and participation in other distribution and otherwise are suspended, and the Purchased Shares shall not be taken into account in calculating the number of percentage of shares or of a class of shares in the Company for any purposes including determination of substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for meetings and the result of a vote on a resolution at meetings of the shareholders.

The maximum amount of funds to be allocated for the Proposed Share Buy-Back shall not exceed the amount of retained profits of the Company.

The Proposed Share Buy-Back is subject to compliance with Section 127 of the Act and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of the purchase.

Pursuant to the Listing Requirements, the Company shall purchase its own ordinary shares on Bursa Securities at a price which is not more than 15% above the weighted average market price for the 5 market days immediately preceding the date of purchase. Comcorp may only re-sell the treasury shares at:

- (a) a price which is not less than the weighted average market price for the 5 market days immediately prior to the resale; or
- (b) a discounted price of not more than 5% to the weighted average market price for the 5 market days immediately prior to the resale provided that:
 - (i) the resale takes place no earlier than 30 days from the date of purchase; and
 - (ii) the resale price is not less than the cost of purchase of the shares being resold.

3.2 Funding for the Proposed Share Buy-Back

The Board proposes to allocate a maximum amount not exceeding the retained profits of the Company for the purpose of the Proposed Share Buy-Back. However, if the Company receives dividend payments from its subsidiaries, the retained profits may increase. Any buy-back in excess of the audited retained profits shall be based on the retained profits certified by the auditors.

The funding of the Proposed Share Buy-Back will be sourced from internally generated funds and/or bank borrowings, the proportion of which will depend on the quantum of purchase consideration as well as the availability of internally generated funds and borrowings and repayment capabilities of the Company at the time of purchase. In the event that the Proposed Share Buy-Back is to be partly financed by bank borrowings, the Board will ensure that the Company will have sufficient funds to repay such borrowings and that the repayment would not have any material effect on the cash flow of the Group.

3.3 Rationale for the Proposed Share Buy-Back

The Proposed Share Buy-Back will enable the Company to utilise its financial resources not immediately required for use, to purchase its own Shares. The Proposed Share Buy-Back may enhance the EPS and reduce the liquidity level of the Shares of the Company in Bursa Securities, which generally shall have a positive impact on the market price of the Shares of the Company. Other potential advantages of the Proposed Share Buy-Back to the Company and its shareholders are as follows:

- (a) to allow the Company to take preventive measures against speculation particularly when its Shares are undervalued which would in turn stabilise the market price of the Shares and hence, enhance investors' confidence;
- (b) when the Shares bought back by the Company are cancelled, shareholders of the Company are likely to enjoy an increase in the value of their investment in the Company as the net EPS of the Company and the Group will increase proportionately; and
- (c) the Purchased Shares may be held as treasury shares and distributed to shareholders as dividends and/or resold in the open market with the intention of realising a potential capital gain if the Purchased Shares are resold at price(s) higher than their purchase price(s).

The potential disadvantages of the Proposed Share Buy-Back to the Company and its shareholders are as follows:

- (a) the Proposed Share Buy-Back will reduce the financial resources of the Group and may result in the Group foregoing better investment opportunities that may emerge in the future; and
- (b) as the Proposed Share Buy-Back can only be made out of retained profits of the Company, it may result in the reduction of financial resources available for distribution to shareholders in the immediate future.

The Proposed Share Buy-Back may reduce the financial resources of the Group, but since the amount is not substantial, the Board is of the view that the Proposed Share Buy-Back will not affect the furtherance of the Group's business or payment of dividends by the Company. Nevertheless, the Board will be mindful of the interest of Comcorp and its shareholders in undertaking the Proposed Share Buy-Back and in the subsequent cancellation of the Shares purchased.

3.4 Effects of the Proposed Share Buy-Back

The effects of the Proposed Share Buy-Back are as follows:

(a) Share Capital

The effect of the Proposed Share Buy-Back on the share capital of the Company will depend on whether the Purchased Shares are cancelled or retained as treasury shares.

The Proposed Share Buy-Back will result in the reduction of the issued and paid-up share capital of the Company if the Purchased Shares are cancelled. The proforma effect of the Proposed Share Buy-Back based on the issued and paid-up share capital of the Company assuming the Proposed Share Buy-Back is implemented in full and all the Purchased Shares are cancelled, is illustrated below:

Share Capital	No. of Comcorp Shares	Par value (RM)	Share Capital (RM)
Issued and paid-up as at 10 June 2020	140,000,000	0.50	70,000,000
Assuming the maximum number of Purchased Shares are cancelled	14,000,000	0.50	7,000,000
Resultant issued and paid-up share capital upon completion of the Proposed Share Buy-Back and cancellation of the Purchased Shares	126,000,000	0.50	63,000,000

(b) Earnings

The Proposed Share Buy-Back will increase the EPS of the Group, the extent of which will depend on the number of Purchased Shares, the purchase prices of Comcorp shares and the effective funding cost to finance the purchase or loss in interest income to the Group.

Similarly, on the assumption that the Purchased Shares are treated as treasury shares, the extent of the effect on the earnings of the Group will depend on the actual selling price, the number of treasury shares resold, the effective gain or interest saving arising and the gain or loss from the disposal.

(c) Net Assets

The effects of the Proposed Share Buy-Back on the net assets per share of the Group are dependent on the purchase price and the number of Purchased Shares.

The Proposed Share Buy-back will reduce the net assets per share when the purchase price exceeds the net assets per share at the relevant point in time. On the contrary, the net assets per share will be increased when the purchase price is less than the net assets per share at the relevant point in time.

If the Purchased Shares are held as treasury shares and subsequently resold on Bursa Securities, the Company's net assets per share would increase if the Company realise a gain from the resale and vice-versa.

In addition to the purchase price of the shares, the effective cost of funds or any loss in interest income to the Group may also have an impact on the net assets per share.

(d) Directors' and Major Shareholders' shareholdings

Assuming that the Proposed Share Buy-Back is implemented in full and that the Comcorp Shares purchased are from shareholders other than the Directors and Major Shareholders, the effect of the Proposed Share Buy-Back on the shareholdings of the Directors and Major Shareholders based on the Registers of Directors and Substantial Shareholders as at 10 June 2020 is as follows:

	As at 10 June 2020				After Proposed Share Buy-Back

(e) Working Capital

The Proposed Share Buy-Back, as and when implemented will reduce the working capital and cash flow of the Group, the quantum being dependent on the number of Purchased Shares, the purchase price of Comcorp Shares and the amount of financial resources to be utilised for the purchase of Comcorp Shares. However, it is not expected to have a material effect on the working capital and cash flow of the Group.

For Purchased Shares which are retained as treasury shares, upon its resale, the working capital and cash flow of the Company will increase. Again, the quantum of the increase in the working capital and cash flow will depend on the actual selling price of the treasury shares and the number of treasury shares resold.

(f) Dividend Policy

The Proposed Share Buy-Back is not expected to have any material effect on the dividend policy of the Company. The dividend to be declared by the Company in the future, if any, shall depend on, amongst others, the profitability and cash flow position of the Group and the Company.

3.5 Implication of the Code

Section 9(1) of Part III of the Code state that if a person, together with persons acting in concert with him (if any), holding more than thirty three percent (33%) but less than fifty percent (50%) of the voting shares of a company, who as a result of a purchase by the company of its own voting shares, increases his holding in any period of six (6) months by an additional two percent (2%) or more of the voting shares of the company, there is an obligation to extend a mandatory take-over offer to acquire the remaining shares not already held by the said person and persons acting in concert with him.

Based on the Register of Substantial Shareholders of Comcorp as at 15 May 2019, there should be no implication with regard to the Code on the Company and its Substantial Shareholders arising from the Proposed Share Buy-Back.

3.6 Public Shareholding Spread

As at 10 June 2020, the public shareholding spread of the Company was 48.42%. In implementing the Proposed Share Buy-Back, the Company will ensure that the minimum public shareholding spread of 25% is complied with.

3.7 Directors' and Major Shareholders' Interests

Save for the proportionate increase in the percentage shareholdings and/or voting rights of the shareholders of the Company as a result of the Purchased Shares, none of our Directors and/or major shareholders and/or persons connected with them have any interest, direct or indirect, in the Proposed Share Buy-Back.

3.8 Purchase, Resale and Cancellation of Comcorp Shares for the financial year ended 31 January 2020

UTV's appeal was heard before Court of Appeal judges, Y. A. Datuk Dr Hj Hamid Sultan bin Abu Backer, Y.A. Dato' Umi Kalthum binti Abd Majid and Y.A. Datuk Dr Badariah binti Sahamid on 28 August 2015.
